Symantec Backup Exec 15 - Symantec Backup Exec 15 ...

Symantec has announced Backup Exec 15. This product will go into beta in the first quarter of 2015. Although no date has been specified. One of the biggest changes is that Symantec has dropped 32-bit support for its Media Server. This means that your media server can only run on a 64-bit operating system. This won't be a big shock for the Microsoft Exchange community.
