But, in an eye-opening exposé, Base Nation shows how this global base network causes an array of ills—and undermines national security in the process. As David Vine demonstrates, the overseas bases raise geopolitical tensions and provoke widespread antipathy toward the United States.

## **David Vine's book "Base Nation" - DAVID VINE**

The United States operates a global network of military installations and is by far the largest operator of military bases abroad with locations in dozens of nations on every continent, with 38 "named bases" having active-duty, National Guard, reserve, or civilian personnel as of September 30, 2014. Its largest, in terms of personnel, is Ramstein AB, in Germany, with almost 9,200 personnel.

## **List of United States military bases - Wikipedia**

American military bases encircle the globe. More than two decades after the end of the Cold War, the U.S. still stations its troops at nearly a thousand locations in foreign lands. These bases are usually taken for granted or overlooked entirely, a little-noticed part of the Pentagon's vast operations. But in an eye-opening account, Base Nation shows that the worldwide network of bases brings with it a panoply of ills—and actually makes the nation less safe in the long run.
