Featured models published by our members & designers.

Lego Ldd Building Instructions - eventtechnologyservices.net

Number of group levels seems to be unlimited, but building guide mode can handle only 3 levels, so when converting groups, the levels are flattened. It is still good to have number of group levels as high as needed and not only 3 since I hope LDD will support more in the future.

Fast(er) way to generate LDD instructions - LEGO Digital ...

Creating building instructions similar to those that LEGO uses themselves is very complicated and very time consuming. However, LDD offers a Building Guide Mode which can generate a HTML building guide. Be aware that such a guide is NOT the same as the official LEGO instructions. Each page in the generated guide is about placing single brick, and the order of placing is similar to how the virtual was build, which might not work very well with real bricks.
