Easily one of the 20th century's most visionary writers, J. G. Ballard lived far ahead of his time. Called his "prophetic masterpiece" by many, *The Atrocity Exhibition* practically lies outside of any literary tradition. Part science fiction, part eerie historical fiction, part pornography, its characters adhere to no rules of linearity or stability.

“atrocity exhibition” is a strictly literal description of this media landscape as it emerged in the early 1960s, populated by images of Vietnam, the Kennedys, Martin Luther King and Malcolm X. The novel deals with the violence that haemorrhaged in the 1969 in which it was published: Manson, Altamont, War across the USA.

J.G. Ballard has long worked with intriguing structures. The Atrocity Exhibition (1970), for example, is composed of a series of highly compressed short stories which Ballard calls "condensed novels." These are linked thematically and formally. Short paragraphs, stripped of most of the novel's traditional machinery of logical, cause and effect narrative,
